me to congratulate you on
wheel-chairs to home once
a month - pleasant - must be
ceptful trip across the great
Ocean - and your safe return
to home friends and Kindred.

I hope that your health
has been improved by this
journey —

I have received sev-
eral letters from Mrs Parker

of late owes the Lecturer not to merely of expressing the pleasure that her family and herself received from your own and "Mr Franks" visit to them —

In my last letter received from her she request me to send you the Rent. Papers that contains reports of the Anniversary meeting of the Rent. Temp. Society — an Organization that dates its commencement from our united labors here one year ago, when Mrs. P. was my guest here —

For several years previous there had been no Temp. work here, since we commenced under great discouragement — Nevertheless the Result has been to us

wonderful - for Legion
our most sanguine expectations.—

We have a little Society
here that met every
Sunday Eve for nearly
forty years and we still
continue to assemble at the
there are only four of the
original members —

In order that we may
be a little less lonely we
invite a few old acquaint-
ances to come in - but there
can never seem to us as
do the old A. S. band —

We "fight our battles over
again" - read and talk of
yourself and all the old
guard who still make
themselves heard by us-
and Yours what energies
remain to us in Temp. work,
and for Wom. Suffrage.

I think that this remnant-are all your Southern acquaintances, as well as Friends —

Harriet Pierce
Eliza Barney
Anne Gardner
E. A. Joy —

Mrs. Pierce (widow of Cyrus) is now 84 yrs. old but still retains much mental power, and fine health- and is a frequent speaker in Temp. or Wom. Suff.

I have fine photos of Mr & Mrs. Barney for Connie and I hope to get them. —

Please accept my sincere regards for yourself- and of these the same to each members of your family as are among you —

We are all pleased to see that you are N. P. as to be
